New Rules for Polar Star & non-blowback HPA guns

You must be 18 years of age to use Polar Star Equipment at the park. **There are some exceptions for minors – read below*

Why: Unfortunately, we have had issues with minors in possession of Polar Star equipment that do not follow rules and place the safety of our other players at risk. We have found that the majority of the issues are among the minors playing and therefore can only conclude that they are not mature enough or possess the self-control and discipline to use this type of equipment. We are a family-oriented park and safety of all our players is a priority therefore the actions of a few have affected the rules for all. We hope that this does not discourage you from coming to play at our park. **For those minors that do not fall into this category and play with their parent and/or guardians please continue to read below.*

POLAR STARS may only be used by adults 18 years of age and older. The person playing and using Polar Star equipment must have valid identification. **If you look close to 18 years of age you will be carded. If you do not have valid identification you will not be able to use the Polar Star equipment.*

If you are under 18 years old and wish to play at Wildlands Airsoft Park using Polar Star equipment, you must be with a parent/guardian that is playing along with you and must have valid identification. The parent/guardian is then taking responsibility for your actions.

All Polar Star players must notify registration so that the appropriate wristband is issued to each player. If you do not advise registration that you are using a Polar Star and do not get the proper wristband, you will be sent back up to the office to do so.

We appreciate your understanding and cooperation. As always – thank you for choosing Jungle Island Paintball and Wildlands Airsoft Park.
